**HM the King Scotch Whisky (USA; Blended and Aged in Scotland; imported by Branded Spirits USA, San Francisco, CA).** A blend of Highland single malts along with other Highland and Lowland grain whisky. Leather saddle notes start off what develops into a rustic nose, with a slight smokiness and plenty of earth. The body offers honey and toffee, plus some floral elements, making for a spirit with two faces — brooding and leathery on the nose, but sweeter and gentler on the palate. A wonderful, layered blend whose long finish will have you thinking back on it.
